Split Decision

Join Don Linn and make this original design. This quilt is a great introduction to curved piecing. This quilt was inspired by a textile design from the Art Deco era and is featured in Don's new book '*Design Art Deco Quilts*'.

Don't let the curves intimidate you. All you need to be able to do is cut accurately and sew an accurate scant ¼" seam. Full size paper pattern pieces are provided for all of the curved pieces and the rest of the pieces are very simple cuts. Let yourself go wild in the fabric selection. This was the norm during the Art Deco Era when they used lots of bold bright colors. Finished project is 41" x 54".
